

YELLOW AND BLACK

The Colors the Y. M. C. A. Athletes Will Float To-day

OVER AT THE STATE FAIR GROUNDS.

The Occasion Being the Fifth Annual Field Day of the Associations of the Tri-State Radius—Every Town Represented Excepting Beaver Falls—List of the Entries, Prizes and Events—Big Crowds Coming to Wheeling.

THIS afternoon on the State Fair grounds track the exercises in connection with the celebration of the fifth annual field day of the Young Men's Christian Associations of the tri-state radius will take place and the indications are that the athletic events this afternoon will be of a class that will cause the fifth annual day to be remembered as the most successful so far attempted by the associations. The interest shown in the affair by the various associations, with the exception of Beaver Falls, has been greater than ever before and the numerous contests scheduled promise to be sharply contested and interesting to the spectators, who will no doubt turn out in large numbers. Until yesterday the outlook for good weather on Friday was not the brightest, but now the indications are for first-class out-of-door weather to-day.

The first event on the programme, the 100-yard dash, will be called at 2 p. m. by Referee Dr. John H. McClure, and the others will follow rapidly. Speculation as to the probable winners this afternoon is rife. George Holmes, the Steubenville, is looked upon as pretty sure to capture the cycling events in which he is entered, and the Stieretts, of Little Washington, who scooped almost everything in sight last year, are favorites wherever they are scheduled to compete. There is lots of young blood in the field, however, and some of these lead-pipers may get a hard fall or two. The list of events, prizes and entrants is as follows:

GRAVESEND RACES.

Some Exciting Contests Run Yesterday Afternoon.

NEW YORK, Sept. 20.—The first race at Gravesend to-day was at a mile and a sixteenth, with Sir Walter as an odd-on favorite and Sir Knight a strong second choice. The two ran locked from the turn into the stretch and Simms on Sir Knight outdied Doggett, winning by a head on the post in a driving finish. Counter Tenor was backed down to even money to win the second race and did so easily, while Maid Marian beat Wah Jim a short distance for the place.

Rosebud and St. Veronica were scratched in the Willow stakes and the Louise and Lulu fillies added. When the flag fell the latter took the lead but gave way after a quarter had been run to Handspan and Sallie Woodford. After turning into the stretch Louise filly and Sallie joined the leaders and in a driving finish Louise filly got the place, Handspan winning easily.

Sir Excess and Patricia were the only starters in the Brookwood handicap, and the former was the favorite at odds-on. The pace was very slow to the stretch, when a drive for a quarter of a mile followed and Patricia quit. Summary:

First, one and a sixteenth mile—Sir Knight, 107 (Simms), 3 to 1, won by a head; Sir Walter, 117 (Doggett), 3 to 5, second; Prince Karl, 102 (H. Jones), 10 to 1, third. Time, 1:49.

Second, six furlongs—Counter Tenor, 98 (Griffin), even, won by one length; Maid Marian, 111 (Reagan), 4 to 1, second; Wah Jim, 111 (Penn), 3 to 1, third. Time, 1:54.

Third, Willow stakes, six furlongs—Handspan, 115 (Reagan), 3 to 1, won by one length; Louise filly, 105 (Griffin), 2 to 1, second; Sallie, 100 (Lamly) 8 to 1, third. Time, 1:50.

Fourth, Brookwood handicap, mile and three-sixteenths—Sir Excess, 109, (Doggett), 3 to 5, won; Patricia, 108, (Simms), 6 to 5, second. Time, 2:03.

Fifth, five and a half furlongs, selling—Second Attempt, 101 (Reid), 8 to 1, won by a neck; Manchester, 100 (Lamly), 3 to 1, second; Time, 1:50.

Sixth, one mile and a sixteenth, selling—Little Mat, 102 (Griffin), 13 to 10, won by one length; Now or Never, 112 (Simms), 2 to 1, second; Hartford, 112 (Reid), 8 to 1, third. Time, 1:54.

THE TWO YEAR RECORD.

Monroe Salisbury's Directly Takes the Corveted Record Easily.

GALESBURG, ILL., Sept. 20.—But one record was broken to-day and that was by Monroe Salisbury's wonderful two-year-old pacer Directly, who sent the two-year-old record down from 2:09 to 2:07, and at the same time reduced his own record 21 seconds. This performance was witnessed by 20,000 people and created the most intense enthusiasm. It was the second special event of the afternoon, following Robert J's failure to reduce his record. The conditions were extremely favorable, the track being very fast and the weather superb.

Directly got away on the first score, Andy McDowell driving him. The colt was moving with great speed and evenly and needed no other urging than an occasional word from McDowell. He had the pole and just behind him was a thoroughbred running mate. The gait proved a remarkable one, showing a steady improvement. The first quarter was gone in :32; the half in 1:03; the three-quarters in 1:30; and the mile in 2:07. The gait was perfect from start to finish, and the result set the crowd wild with enthusiasm. To horsemen the remarkable feat about the perfect performance was the increase of speed and the strong showing made in the last quarter. By quarters the rating is: 32; 32; 31; and 31.

It was 5:10 o'clock when Robert J. was sent off on second scoring. In a warming heat he had made the circuit in 2:11, and there was a general feeling that he would pace a great mile, even if he failed to beat his own record. Ed. Geer was the driver. Robert J. made the first quarter in 30 and expectation was high. The half was made in 1:00, but in the third quarter the great stallion slowed up, making the pole in 1:31. The mile was made in 2:02. By quarters the time was 30, 30, 31, and 31.

Driver Geers assigned two reasons for the failure of the pacer, namely: "The track was a trifle too hard for Robert J's feet, and that he was fearful of the crowd that filled the entire track save a few feet next the pole."

Online was next sent to beat his record of 2:07. He went a strong, steady mile, equalling his mile without apparent effort. The quarters were made in 31; 32; 32; and 32, or 2:07 for the mile.

Lafayette Races.

CINCINNATI, Sept. 20.—About 2,500 spectators enjoyed the races at Lafayette to-day. The track could scarcely be worse. Summary:

First, seven furlongs—Halk Line won, time, 1:37. Second, one mile—Clemantine won, time, 1:48. Third, handicap, six furlongs—Lizetta won, time, 1:18. Fourth, Clifton Stakes, three-year-olds, one one-sixteenth mile—Potentate won, time, 1:55. Fifth, eleven-sixteenths mile—Lady Buchanan won, time, 1:13.

NEW BASE BALL LEAGUE

To be Organized With Ex-Manager Buck, on boarder to it.

PITTSBURGH, Sept. 20.—The report of the formation of a new base ball league was confirmed here to-day. Ex-Manager Buckenberger, of the Pittsburgh club, and A. K. Scandrett, ex-secretary of the same organization, when seen stated that the new league had already been organized and that the preliminary publication of the plans can in no way interfere with the arrangements already made.

From these gentlemen it was learned that the circuit is to be made up of Pittsburgh, Philadelphia, Boston, New York, Brooklyn, Detroit, Providence and Chicago or Buffalo, and that the new organization is to be known as the National Association. The admission to all games will be 25 cents.

It is not the intention to fight the National League, but to arrange the schedule of games so as not to conflict with the latter.

IT MAY BE TRUE.

A Newsy Story From Milwaukee—Louisville to Drop Out of the League.

MILWAUKEE, Wis., Sept. 20.—Manager Barnie, of the Louisville base ball club, was in Milwaukee to-day and practically completed a deal for the transfer of the Louisville national league franchise to this city. Negotiations to this end have secretly been in progress for nearly a year. The Louisville team will play out the national league schedule and the Milwaukee team will remain in the western league until the

close of the season. Next year, however, Louisville drops out of the national league and Milwaukee takes her place.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

FACTS FROM ABROAD.

The March of Advanced Science Throughout the World

AND ITS VALUE TO US.

A Declaration Made by the Great Doctor Fothergill For the Benefit of the People of the World Has Aroused Much Attention.

LONDON, ENG., Sept. 19.—The following statement, made by the late Dr. J. Milner Fothergill, the eminent scientist, who was physician for the London Hospital for diseases of the chest, has made quite a sensation. After denouncing oils and similar substances when used as food, he said: "Fatty, oily foods cannot be taken by those whose stomachs are weak or whose digestive organs are out of order. What food should such people have? I say they need food which acts as a strengthener and sustainer, as fuel to feed the lamp of life, and that is starch food. A soluble starch food which will be readily assimilated by the digestive organs is the food for people whose digestive organs are weak."

It was only natural that such a statement, coming from so high an authority, should have made a profound impression among the leading physicians and scientists of Europe, and it brings into special prominence the recent discovery of predigested starch food known to doctors, to scientists and the world as Paskola. Comparatively few people outside the highest medical circles know of this wonderful discovery, but it is known to possess the qualities of flesh-forming, strength-imparting, life-giving power which has never been known before in the history of the world.

Tests have been made upon patients in a weak, pale, run-down condition, accompanied with indigestion and general loss of energy, and the results are truly remarkable. It really looks as though this newly discovered food, Paskola, will take its rank as the most efficient flesh producer and cure for dyspepsia of the nineteenth century. It is certainly superseding cod liver oil and the fatty preparations which have been used so extensively, and this but confirms the wisdom of the judgment of those who predicted for it unequalled success.

In the treatment of disease, as in all else, "The proof of the pudding is in the eating." The Rev. A. F. Beebe, of North Center, N. Y., is but one of thousands who have been benefited by this ingenious and valuable preparation. He writes, under date of April 14, as follows:

"I can truly say it is a pleasure to give to the world a testimonial in regard to Paskola, for it has certainly accomplished wonders for myself and wife. We have taken \$40 worth, less than the price of one visit from our physician, and it has done for us what no doctor's prescription or patent medicine has ever done. For twenty-five years I have suffered untold miseries through
